

Why ContainerFreight/EIT

Best of the best. Dedicated to quality and service since 1948.

FOUNDED IN 1948, CONTAINER FREIGHT/EIT IS A PRIVATELY-HELD COMPANY WITH A PROVEN RECORD TO MOVE YOUR CONTAINERS TO MARKET FASTER THAN ANY OTHER PROVIDER.

We operate one of the largest drayage fleets in Southern California. With over 155 power units under lease, we provide reliable, full-service drayage solutions for import and export cargo.

Container Freight/EIT, LLC specializes in the volume transportation of marine containers to the rail ramps for mini-landbridge movement to inland locations. In addition, ContainerFreight drays between various store-door customer locations in Southern California, Southern Nevada and Arizona and any piers in the Los Angeles and Long Beach Harbor area.

We also provide legal carriage of permitted loads and heavy containers utilizing our own specialized equipment. Permitted "overweight corridor" service is also available through our affiliated entities.

TRANSPORTATION MANAGEMENT

ContainerFreight handles every detail associated with draying your container. This means using the latest technology to ensure information moves flawlessly from the port to the rail. We are electronically linked to the LA/LGB port terminals and our drivers use Nextel's Direct Connect.

We employ the Trinium's Transportation Management System, giving you the power to track your containers exact location and receive automated updates. Trinium's online visibility has revolutionized operations and eliminated gaps in the real-time flow of information.

From order entry to availability to dispatch – from equipment control to event notification – there is no facet of the process that isn't available to you at every moment.

STRENGTH AND ACCOUNTABILITY

Our ability to recruit power from within the California Cartage family of companies, gives Container Freight/EIT a global logistics management group that allows you to respond instantly to industry changes, keeping your supply way ahead of market demand.

The men and women of ContainerFreight/EIT, LLC are dedicated to providing a premier innovative transportation service to the international community.

GREEN TRUCKS

We offer a full fleet of Clean Diesel and alternative fuel LNG tractor units, which are exempt from all port fees. All of our truck engines are certified to meet the U.S. Environmental Protection Agency's stringent on-road emission standards.

WHAT'S MORE

- We have the highest rating from the Department of Transportation and the California Highway Patrol.
- We employ operators with perfect driving records and late model tractors in prime condition.
- Our insurance coverage exceeds all government standards.
- We operate 24 hours a day, 7 days a week, 365 days a year.
