## A Superstore of Data Management

**Extraordinary IT solutions for your 3PL needs. Deployed by experts.**

The California Cartage IT team proudly offers a full range of EDI and web-based dynamic interfaces. From the first receipt of sailing data to the return of empty containers, high quality push/pull information streams reflect arrivals, departures, deadlines, schedule changes and potential obstacles, minute by minute. As you grow and keep pace with the dynamic nature of the marketplace, so will your tracking capabilities.

### **“Best in Class” Deconsolidation Leader**

As freight moves in and out of California Cartage warehouses around the clock, heavy use of RF-scanning technology minimizes clerical input and reduces manual errors. Along with consolidators, brokers, carriers and port authorities, you get the industry’s most sophisticated status displays and reports.

**In a world where expectations for visibility are uncompromising, California Cartage delivers total command over information flow. Our reliability, accurate, event-based tracking allows you to manage assets with pinpoint efficiency and flexibility.**

At California Cartage, we’re invested in giving you the competitive edge with web-based solutions that are customized, comprehensive and creative. Our proven track record in partnering with industry giants underlines the seriousness of our commitment to technology.

### **Deconsolidation With No Speed Limits**

At California Cartage, IT translates to cross-dock speed and airtight integration with your protocols. Using standard EDI formats, proprietary flat-files, CVS, MS-Excel or even plain-text emails, we are able to process your distribution instructions, inbound and outbound manifests, status notifications and analytical reports with clarity and speed.

### **Transportation Management With no Speed Bumps**

Our Trinium system is simply the industry’s best. From order entry to availability to dispatch – from equipment control to event notification - there is no facet of the process that isn’t available to you at every moment. Count on being informed, interfaced, updated and in control.

### **Warehouse Management With No Surprises in Store**

Find out what retail giants already know – that when it comes to total warehouse solutions, California Cartage is the undisputed leader of the pack. Our integrated public warehouse/inventory control system offer smart, A-to-Z EDI solutions.
