

Trucking Driven by Technology

Let us be the driving force on the road to your success.

WITH DECADES OF EXPERIENCE AND THE POWER OF OVER 150 OWNER/OPERATORS, K&R TRANSPORTATION IS AN INTEGRAL LINK IN AMERICA'S ECONOMIC SUPPLY CHAIN. K&R ORIGINATED AT THE NATION'S BUSIEST PORTS, LOS ANGELES AND LONG BEACH, CALIFORNIA.

Our full menu of drayage services – between marine terminals, rail hubs or your distribution centers – are delivered with tenacity and efficiency. As part of the California Cartage group, our tradition is one of unstoppable, whatever-it-takes resolve. When demand rises, we have the ability to recruit power from within our family of companies. You get agile, cost-conscious, technology-driven trucking that doesn't back down from a challenge.

OFF PEAK AND ON TARGET

The off-peak hours program created by PierPASS provides an incentive for cargo owners to move shipments at night and on weekends. K&R supports our customers, providing secure, synergistic, and around-the-clock operations.

HAVING SPECIALIZED EQUIPMENT IS NOTHING SPECIAL

With a large number of dropcenter and lowboy trailers, we move over-dimensional loads of any shape, size or material. Additionally, our fleet of over 60 tri-axle 20' and 40' chassis permit the movement of overweight containers, legally and safely.

TRINIUM DELIVERS A TRUCKLOAD OF CAPABILITIES

The K&R fleet is fueled by information and no software packs more of a punch than our Trinium Transportation Management System. Potent, yet flexible, it gives you the power to track containers in real-time and receive automated email updates. Trinium monitors free time, at the harbor, at the ramp and after delivery to the consignee.

K&R customers repeatedly tell us how it has revolutionized their operations, eliminating gaps in the real-time flow of information. Put your cargo in K&R's hands, and every facet of its movement is at your fingertips.

WE EMPLOY ONLY THE FINEST INDEPENDENT OPERATORS WITH PERFECT DRIVING RECORDS AND LATE MODEL TRACTORS IN PRIME CONDITION.

- We have the highest rating possible with the DOT and the California Highway Patrol BIT Program.
- We are C-TPAT compliant and customs bonded, able to move containers prior to clearance.
- Our insurance coverage exceeds all government and industry standards.
- Our communications network is without compromise. We are electronically linked to all port terminals and to our drivers, who use Nextel's Direct Connect, so vital information is shared real-time.
- We handle both international and domestic cargo.
- We never stop, K&R Transportation runs 24/7/365.
