Retail Services...

For countless advantages and infinite possibilities.

WHY CALIFORNIA CARTAGE?

California Cartage has been in business since 1944 and we are here to stay! In fact, we operate the largest cross-dock transload network on the West Coast, along with the largest fleet of specialized equipment in the country.

We own and operate six drayage firms and three warehouse company brands. Nationwide we have a drayage fleet of 1,500 tractor units and 4.5 million square feet of warehouse space – so we can handle all of your import/export warehousing, trucking, transloading, deconsolidation and distribution needs.

Fastening the full-circle supply chain, California Cartage stands shoulder to shoulder with giants in the retail, hardware, apparel, footwear and toy industries, and many of their key vendors. We meet the ever-changing demands of America's retailers, with leading-edge services:

Consolidation

- Our industry experience and sophisticated software makes us masters at cube utilization.

Deconsolidation

- We can unload and redistribute your goods to multiple locations, integrating your domestic cargoes.

Direct to Store Goods

- If your product needs to move directly from the ocean container to retail outlets, we can do it with speed and accuracy. Just tell us where and when, and consider it done!

DC Bypass

- Non-conveyable or over-dimensional is one of our many specialties. We have the software and systems in place to deconsolidate and redistribute your goods to retail outlets, exactly when you need them there.

Transloading

- Goods that arrive from the ports in containers must be transloaded into highway-ready trailers – a spatial challenge that takes experience and expertise. We operate in the Overweight Corridor and are experts at packing trailers efficiently, which adds up to substantial savings over the long haul.

RETAIL SOLUTIONS

Warehousing Options

We are experts at both Contract warehousing – where the facility is yours and we operate it for you – and Public warehousing. All of our warehouses are outfitted with the latest visibility software and RFID technology, so have access to your product 24/7.

Our full menu of value-added services, include:

- Re-tagging/ticketing
- Pick/Pack
- Quality inspection
- Labeling
- Re-packaging
- Kitting
- Bagging
- Order fulfillment
- Product consolidation

What's more, our intermodal network offers around-the-clock, coast-to-coast efficiency. Our rail-served warehouses can handle consumer goods or industrial cargoes, ranging from lumber to paper to metals.

You can count on our experienced, turnkey transloading and distribution solutions to keep your shipments on-time and on-track, from any of our facilities:

- Wilmington, CA
- Mexicali, MX
- Carson, CA
- Ciudad Juárez, MX
- Compton, CA
- Mira Loma, CA
- Vernon, CA
- San Diego, CA
- City of Industry, CA
- Calexico, CA
- Ontario, CA
- Oakland, CA
- Chicago, IL
- Portland, OR
- Savannah, GA
- Seattle, WA
- Tijuana, Mexico

A-to-Z Trucking Capabilities

Domestic Intermodal – Whether your containers need to be picked up or delivered, you can count on our fast turnaround times and dependable drivers.

Local Van Delivery – With a large fleet of closed van equipment, we promise speedy deliveries for truckload and LTL shipments.

Over-the-Road Brokerage – When we broker with outside carriers we only hire pre-qualified truckers with perfect driving records to move your cargo nationwide.

Import/Export Container Deliveries – Our dispatchers stay in constant communication with terminals for cargo and equipment availabilities and we supply store-door trucking services throughout Southern California. Our Trinium dispatch system also helps to avoid dock storage, demurrage, and detention issues.

SPECIALIZED EQUIPMENT

Cal Cartage operates the largest fleet of specialized equipment in the country! From the ports to the rail to the open road, we can manage the transportation of your over-dimensional loads from start to finish.

Whether it's lumber, delicate electronic equipment, heavy steel coils, automobiles or mobile missile launchers, we've got what it takes to move cargo safely and securely. Our drop-center and lowboy trailers can transport your oversized freight locally or to one of our transload facilities.

We can also manage your heavy 20-foot, 40-foot, over-height and over-width containers to and from the ports. We will pull all of the necessary permits to get it done!
