Critical Links In Your Supply Chain

We operate over 4.4M sq. ft. of warehouse and cross dock facilities

The warehouses within the California Cartage family of companies are tangible links in a bustling supply chain. Our warehouses are tightly controlled manage the flow of your goods with speed and finesse.

Situated closely to the country's major ports, borders and rail yards, these clean, secure hubs can handle all of your 3PL needs and requirements, including, but not limited to:

- Warehousing
- Deconsolidation and consolidation transloading
- High-velocity cross-dock operations.

The California Cartage Company philosophy is to design operations around what you need:

Contract

- Provide all the major warehousing functions in your facility
- Eliminate liabilities of personnel, purchasing, equipment, and maintenance
- Your facility under your rules and schedules
- Labor and management provided by California Cartage

Public

- Full integration with our WMS & Deconsolidation software.
- RFID equipped in most location
- Full range of services for industrial or retail commodities from standard pallet storage to gravity fed
- Security at all locations CT-PAT compliant

Cross Dock

- All facilities capable of handling quick-turn transloads
- Heavy use of RF scanners minimizes manual errors and creates efficiencies
- Seamless transition between transportation modes
- Custom in-house IT system
- Security at all locations CT-PAT compliant
